

Experts by Experience

Haruv USA at OU-Tulsa would like to offer relevant participants to join a unique training initiative “Experts by Experience”.

Haruv USA trains professionals in the field of child abuse and neglect. Alongside the academic knowledge, we wish to incorporate into our trainings one more voice, **the voice of survivors**.

If you are a woman survivor of child maltreatment, are over 18 years old, and you wish to contribute to this topic - we welcome you to join us!

An introductory meeting will be held on February 17th at 5:30pm.

The training program will be held on Wednesdays between 5:30 and 7:00 PM, starting February 24th, 2021 for 12 consecutive weeks (excluding spring break week) through ZOOM.

Facilitators: **Avital Kaye Tzadok, PhD** (Haruv USA Director)

and **DeJon Knapp, LCSW** (Haruv USA Coordinator)

A \$250 scholarship will be made available to participants who complete the full training.

For more details contact DeJon Knapp, Haruv USA coordinator at dejon@ou.edu
